

Acceptable System Specifications

Revised May 2022 for version 22.1

Server

Operating System

Microsoft Windows Server 2012

Microsoft Windows Server 2012 R2

Microsoft Windows Server 2016

Microsoft Windows Server 2019

Microsoft Windows Server 2022

On all Operating systems we recommend the latest service pack and Windows updates.

Memory

≥ 8 GB memory.

Please consult depending on number of users and Server Operating system.

Hard Disk

Minimum 10 GB free hard-disk space for the server and depends on document storage.

Other Requirements

.NET Framework 4.7.2 or higher 4.X *

Sharing of tasks and appointments requires Microsoft Exchange.

Document search within FilePro requires Windows Search to be running on the server where the documents are located.

SQL Server

Microsoft SQL Server 2012

Microsoft SQL Server 2014

Microsoft SQL Server 2016

Microsoft SQL Server 2017

Microsoft SQL Server 2019

Microsoft SQL Server 2022

For sites with more than 10 users, FilePro recommends SQL Standard as opposed to Express.

SQL is to be installed in Mixed mode Security and SA password will need to be available to FilePro Support and accounting user of FilePro.

Recommend wired Gigabit Network speed.

Network

Security

Require a minimum of local admin user rights for the installation.

Workstation or Standalone

Operating System	Microsoft Windows 8.1 Microsoft Windows 10 Microsoft Windows Server 2012 Microsoft Windows Server 2012 R2 Microsoft Windows Server 2016 Microsoft Windows Server 2019 Microsoft Windows Server 2022 All Operating systems we recommend the latest service pack and Windows updates.
Memory	≥ 4 GB memory. For Terminal Servers we recommend at least 1 GB of memory per user for FilePro processes
Hard Disk	500 MB free hard disk for a typical installation. Please consult if running Standalone.
Other Requirements	.NET Framework 4.7.2 or higher 4.X *
Microsoft Office	Microsoft Office 2010 ** † (Microsoft support for Office 2010 ended in Oct 2020) Microsoft Office 2013 Microsoft Office 2016 Microsoft Office 2019 Microsoft Office 2022
Security	All workstations require a minimum of local power user rights for the installation.

*.NET 5.0 is not supported, but can be installed alongside if required.

** Some advanced features are not supported using Microsoft Office 2010.

† FilePro does not recommend using unsupported software. We don't actively test against it with new releases and support might be limited depending on issues.
